DETAILED ACTION

Examiner's Amendment

This application is in condition for allowance except for the presence of claims 27-38 directed to a non-elected embodiment without traverse. Accordingly, claims 27-38 have been cancelled.

Please change the title from "semiconductor device, and production method for manufacturing such semiconductor device" to "semiconductor device having two distinct SiOCH layers". A new title was required, because the title of the invention was not clearly indicative of the invention to which the claims are directed.

Reasons for allowance

The following is an examiner's statement of reasons for allowance: The prior art of record does not teach or suggest, singularly or in combination, at least the limitations of a semiconductor device having a second SiOCH layer of a hydrogen density that is lower than that of a first SiOCH layer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
